

A nighttime cityscape featuring a prominent bridge with a wooden railing and illuminated walkway. The bridge spans across a body of water, with its lights reflecting on the surface. In the background, several tall skyscrapers are lit up, creating a vibrant urban scene. A large white circle is overlaid in the center, containing the Johnson EyeRIS logo. The logo consists of the word "Johnson" in white on a blue background, followed by a stylized mountain icon with orange, green, and blue peaks. Below this, the word "EyeRIS" is written in a large, blue, sans-serif font.

Keeping you safe and protected.

Health and Safety

People are concerned about health and safety and there is growing awareness about the environment across the world.

Social distancing

Social distancing and minimal contact have become the norm today and we must adapt to changing situations and challenges.

Access Restriction

Secure the entry to restrict passengers.

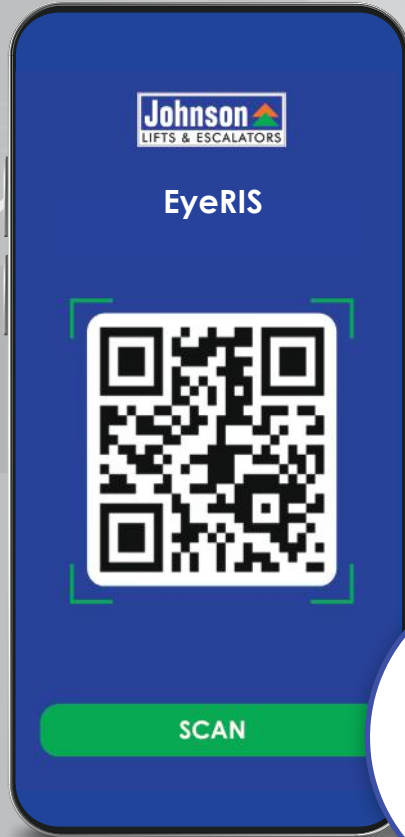

How do you know which surfaces are safe to touch?
For example, how clean are the buttons in the Lift you use?

The answer is simple, Please don't bother

We're offering you a contactless, wireless-enabled solution, Johnson EyeRIS. Built with Lift-passengers health and safety in mind, our app allows you to operate the Lift in your building using your smartphone without touching the lift buttons.

Contactless Convenience in your control

Designed to be simple and easy to use, Johnson EyeRIS connects your smartphone to your Lift system using QR code technology and lets you operate your Lift by just tapping the buttons on your screen. Now, you can be sure your Lift experience is not only smooth, but also safe.

Secure your building with a brand you can trust.

Convenient. Contactless. Safe. Smart.

Benefits

- Use EyeRIS on your phone to bring the Lift to your floor.
- Select the destination level/floor you want to reach.
- Practice social distancing the smart and secure way.
- Keep your Lift-users safe from contact infections.
- Improve the safety and security of the people in your building.
- Keep your Lift highly secured & restricted.
